

Avril's Question: What happened to Nestle stock?

1st-Look at the graph

What does the graph tell you?

- ❧ A BIG drop for some reason
- ❧ Look at the scale (\$) on the right hand side
- ❧ Along the bottom shows the years
- ❧ What does the “D” represent?
- ❧ Along the very bottom shows volume or number of shares traded daily

Let's read . . .

❧ What happened?

❧ Do you see a word or
numbers that are new to you?

Two things . . .

❧ Stock Split(article)

❧ Ratio (brief explanation)

❧ <http://www.bing.com/videos/search?q=Explain+Ratio&Form=VQFRVP#view=detail&mid=3F4594D2A37D497167CB3F4594D2A37D497167CB> short video (1 min. & 52 sec.) *What is a Ratio?*

a game to practice ratios *Ratio Game*

Ratios and Stocks??

1:10 Ratio

- For every one share you own, the company will give you ten
- If one share equals \$100, you will get ten shares for \$10 each (remember 10 times \$10 equals the \$100 you originally had)

How is your team doing?

∞ Let's look at your portfolio and ranking.

∞ Time to buy/sell!!!!!!!
